Amharic ● ● ● ● ●

## Projects

### Language Translator in flask [↗](#)

It is a simple web app to translate text from one language to another using google translate API

### Calculator app for desktop [↗](#)

This is standard calculator app in tkinter python it was my first desktop app i made using tkinter.

### Language translator native app for windows [↗](#)

This is my second app i used tkinter for creating the GUI of the app and add some functionalities and to translate i use googletrans(Python framework to use Google translate API).

**Simple note maker in flask, It is a simple website with flask that allows the user to create account and save notes** [↗](#)

I just used sqllite3 to store the datas because its a very simple website and it doesn't need high security and users can also upload profile pictures.

**Simple group chatting web app without sign up, This project i use html css javascript for frontend and i use flask (python framework) for backend** [↗](#)

**Simple color game in javascript, Pure javascript,HTML5 and CSS3** [↗](#)

**Simple flask messenger in flask, framework used - flask(python) frontend - HTML5 CSS3 and javascript** [↗](#)

**link shortener, link shortner made by html css js and in the backend i used flask and mysql db** [↗](#)

**online mysql and sqlite db IDE, made with flask in frontned HTML,CSS and javascript** [↗](#)

**Youtube downloader, { backend : "flask",frontend : ["HTML5","CSS3","Javascript"]}** [↗](#)

## About Me

---

Hello, I'm Samuel Getachew, a dedicated web developer with a passion for learning and growing in the field. My expertise lies in utilizing Flask and Django for backend development, while also proficient in frontend languages such as HTML5, CSS3, and JavaScript. Additionally, I have developed desktop software using Python libraries like tkinter.

I am committed to continuously improving my skills and staying updated with the latest web development trends, demonstrating my ability to deliver high-quality work.

In addition to technical skills, I prioritize effective communication and collaborative teamwork. I believe in fostering positive relationships with colleagues and actively contributing to the success of the team.

I am eager to contribute my expertise and dedication to a dynamic and growth-oriented organization. I look forward to the opportunity to discuss how my skills align with your company's needs.

## Interests

---

**Learning languages,**

**Learning to code** (learning other programming languages),

**Watching soccer,**

**Listening to music** (Musics like rock n' roll, country, rap)
